### 2009-2010 BROCHURE SUMMARY

#### DESTINATION OVERVIEW

Hong Kong is made up of three main areas; Hong Kong Island, Kowloon Peninsula and the New territories. Regarded as a shopper's paradise, Hong Kong is a fantastic destination to fill your suitcase with an array of goodies such as designer fashion, electrical goods or a diverse range of locally made souvenirs.

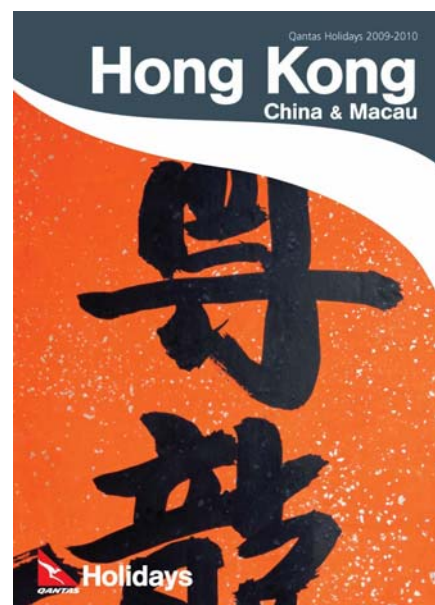

Kowloon is connected with Hong Kong Island by three tunnels and the Light Rail Transit, but riding a Star Ferry across Hong Kong Harbour is the best way to travel between the two. Kowloon is teeming with pubs, bars, shops and exciting markets. Hong Kong Island has a number of exciting areas to explore. For wonderful views, visit Victoria Peak. Dine in the famous Jumbo Floating Restaurant on Aberdeen Harbour or immerse yourself in the local streets.

Macau is a former Portuguese colony, so it has an intriguing blend of Portuguese and Chinese customs. Only an hour away from Hong Kong, by catamaran or jetfoil, Macau has a well-preserved historic city centre.

Visiting China from Hong Kong is easy. There are frequent airline services from Hong Kong's International Airport, efficient rail services and some of the biggest, fastest overnight ferries in the world. There are several China touring options available from Hong Kong so don't miss out on the opportunity to combine Hong Kong and China.
